

The balcony's green plants, the pebbles on the floor and on the wall emit a sense of relaxation and comfort.

阳台的绿色盆栽、地面的小石子、墙面拼贴的石块，让空间洋溢着休闲感。

时尚不乏度假风情

装修概况:

综观整间单位,大量运用的“木质元素”,使整个家都弥漫着淡淡的木质幽香。阳台的木制躺椅、睡房的原木屏风、地板、木柜和一些具有热带气息的装饰物等,皆令人感到无比轻松。

大师点评:

现代家居,现代休闲风格。以简单设计为主,轻装修,重装饰。业主是个喜欢到处旅游的人,曾在不少酒店逗留过,因而希望把自己的家打造成度假式的风格,寓意“回家就是度假”。为突显度假的气息,我着重于露台和厕所的铺排,把小石子、石块、木躺椅、盆栽布置其中,旨在营造现代巴厘与热带风情兼具的氛围。

业主点评:

我比较着重于空间的视觉感受,希望整个家的空间看起来宽大舒服。在和设计师沟通之后达成了统一:设计永不过时,在简单中营造出度假休闲的韵味,让我能卸下一天的疲倦,在家的港湾里获得身心的释放。尤其在主人房、大厅和露台的布置方面,颇具心细,只希望每次回到家都有一种度假的心情。

A Unique, Modern Holiday Experience

Renovation Details:

The entire unit makes use of wooden elements, filling the entire house with a wooden taste, very natural. The wooden recliner on the balcony, wooden screens in the bedroom, wooden tiles, wooden cabinet and a tropical themed home décors gives a very comfortable and relaxing feeling.

Designer's Note:

A very modern and relaxing design. The designed was built upon a minimalistic concept, with light renovation and stronger decorations. The owner was a very adventurous person, having an extensive experience living in hotels from all his vacations, wanted to build his house to look like a holiday house, so going home would feel like leaving for a holiday. Further enhancing the holiday atmosphere, I have emphasized more on the balcony and washroom arrangements; adding stones, pebbles, wooden recliner and other decorations in them - something like what you will see in Bali but with a tropical touch.

Owner's Note:

I am more particular about how my home space felt; I want the entire house to be very spacious and comfortable. After speaking to the designer and having him understand what I had in mind - a solid and evergreen design, and to fill the house with a sense of holiday. Then I can finally relieve all the fatigue and stress from a day of work and enjoy my hard-earned rest. This is especially evident in the delicate decorations in the master bedroom, living room and balcony.
